SKILLS

- **Languages:** Java, C/C++, JavaScript
- **Database:** PostgreSQL
- **Web Development:** HTML, CSS
- **Frameworks & Libraries:** Hibernate, Spring, Spring Boot
- **CS Fundamentals:** Data Structures & Algorithms(DSA), Operating Systems(OS), Object Oriented Programming(OOPS)
- **Operating Systems:** Linux, Windows
- **Tools & Technologies:** Git, GitHub, Visual Studio Code, Eclipse IDE, IntelliJ IDEA, Apache Maven

PROJECTS

- **CPU Scheduling Algorithms — C++, Makefile, Linux/Windows CLI** *GitHub Repository*
 - Developed a **console-based simulator** with multiple CPU scheduling algorithms: **FCFS, SJF, RR, SRT, HRRN, Feedback, Aging**.
 - Supports **trace and stats modes** to visualize process scheduling and calculate **turnaround and waiting times**.
 - Cross-platform execution (**Windows & Linux**) demonstrating understanding of **OS scheduling, priority handling, and CPU utilization**.
- **Breeze Weather Web App — React, Vite, Tailwind CSS, Framer Motion, Recharts** *GitHub Repository*
 - Developed a **responsive weather web application** using React and Vite with modular component architecture.
 - Integrated **Open-Meteo Geocoding and Forecast APIs** to fetch real-time weather data without requiring API keys.
 - Implemented **city search and geolocation-based “Use My Location” functionality and dynamic weather-aware backgrounds**.

EDUCATION

- **University of Visvesvaraya College of Engineering** Bengaluru, India
B.Tech in Information Science — CGPA: 8.8 *Oct 2024 – 2028*
- **Janatha Indp PU College** Udupi, India
Class 12 — Percentage: 98.0% *Apr 2023 – Mar 2024*
- **Government Junior College** Udupi, India
Class 10 — Percentage: 99.36% *Apr 2021 – Mar 2022*

ACHIEVEMENTS

- Completed **Soft Skills Internship at Infosys BPM Ltd.** – enhanced communication, time management, and collaboration skills.
- **Amazon Future Engineer(AFE) Bootcamp (Feb 2026)** – Completed a 10-month course on Java and Data Structures & Algorithms.

VOLUNTEERING & EXTRA-CURRICULAR

- **Volunteer**, National Level Technical Fest **IMPETUS** organized by **IEEE UVCE** – assisted in coordinating technical events and managing participant activities.
- **Member, Google Developers Group (GDG) UVCE** – Outreach Team.
- Participated in various **seminars, coding contests, hackathons, and technical workshops**.
